Mexico Missions Trip Update June 2003

We just returned from a missions outreach to Mexico. We ministered in four churches in four cities. The Lord did many miracles on our first outreach to Mexico. Many received detailed prophetic direction, impartations and confirmations regarding their call. One service was devoted to detailed teaching and demonstration of the healing power of God. After the teaching an open request was made for anyone needing healing. The Lord instantly healed approximately twenty of the the twenty-five that came forward for healing. Another service detailed teaching was given on the gift of prophecy with a detailed demonstration following the teaching. We received many thanks regarding the gentle way the Holy Spirit revealed these truths to the churches.

We ministered in the following cities in Mexico; Mexico City, San Martin, Alcolman and Tulancingo.

The summary of events is as follows:

- Ministered in four churches in four cities.
- Approximately 135 souls saved or rededicated to the Lord.
- Lady with ear infection. Ear popped open and infection was healed.
- Lady with neck infirmity for five years. Neck popped as
